

850ASD - AFF 20 Ton Super-Duty Shop Press

Brand: American Forge & Foundry
Product Code: AFF-850ASD
Call for Price: 877-805-1154

Short Description

AFF super heavy-duty presses. The welded frame and heavier gauge steel make these presses ideal for heavy-duty truck applications, spring shops, industrial, or every day shops that find themselves in need of a “step up” from a regular duty press. A movable press head assembly and included V-Blocks add versatility to these work horses.

Air or Manually operated the 850SD - 20 Ton Super Duty Shop Press, is geared towards either the more active Professional Automotive shop or the Industrial customer with lighter requirements for a shop press.

Features:

- Comes with an adjustable / removable pressing guard for added operator safety.
- Includes large liquid filled gauge positioned so the operator can safely monitor pressing force being applied.
- Included 10 piece bearing press adapter kit.
- Pressing head moves side to side to accommodate off centered pressing requirements.
- Includes 2 pc combination pinned V-block / press plate set.
- Operated manually or by air motor assist with foot control.
- Welded frame for added strength.
- 10 Position bed height configuration adds greater flexibility.
- Overload protection adds operator safety and prevents damage from over

pressurizing.

- Press bed pins incorporate a “butterfly” lock to keep press bed pins engaged for greater safety.
